TWO CAR RULE

Each unit was and is assigned one specific parking space for their vehicle. Pursuant to the Declaration of Rolling Hills Golf and Tennis Building 1 Condominium Inc., Article XVII, each owner is allotted one parking space:

The numbered parking spaces shown on Sheet 1 of Exhibit "A" are hereby reserved for the use of the unit owner in the unit having the correspondingly number unit. (Please refer to your Homeowners Documents to review Exhibit A).

Further Article XVIII, Section 14 states:

The guest parking spaces shown on Sheet 1 of Exhibit "A" shall be used for guest parking and such other uses as determined by the Directors and subject to such rules and regulations as may be promulgated individually by the Directors. (Please refer to your Homeowners Documents to review Exhibit A).

TWO CARE RULE: As of January 1, 2016 the Board of Directors implemented a two car parking rule to the current Rules and Regulations of the Association. This new rule will limit each unit to be able to house two vehicles on the property. All units will be required to submit the license plate numbers of the two designated cars which will be eligible to park in the parking lot. Any units which own more than two vehicles must find alternate parking off of the property. Vehicles that are not eligible to be parked or vehicles that are parked illegally on the property will be towed at the expense of the owner. If it is found that you have a third vehicle on the property the car will be towed at your expense. If you have two vehicles parked at the property you cannot have any guest(s) parked at the property. Their car(s) will be towed at the owner's expense.

Please note that the Board of Directors is allowing for the housing of two vehicles on the property, however, the Association cannot provide parking spaces for two vehicles. The second car will be allowed to be parked in the "guest parking". The guest parking is a first come first serve basis. There will be NO parking on the grass at any time.
